### About Me

---

I'm Mohammed Aamir, will soon complete my graduation with a degree in Computer Science. I'm passionate about web development and enjoy creating dynamic and responsive websites. I have experience in HTML, CSS, JavaScript, and React. I've completed personal projects to improve my skills, and I'm excited to bring my passion for React to a professional setting.

### Projects

---

#### Personal Portfolio Website with React JS

- This personal portfolio webpage showcase my skills and knowledge of creating dynamic, responsive and fully functional websites.
- I used open source slider, email JS to make this design more interactive.
- It highlights my technical proficiency, education, and relevant work experience, and demonstrates my commitment to delivering high-quality web experiences.

### Soft Skills

---

- Observation
- Decision Making
- Good Team Coordination
